REASSUMES HIS ROLE

Accused Actor Given Ovation by His Audience.

ACTOR AND WIFE SHED TEARS

Demonstrative Was the Applause That Hitchcock Was Forced to Make a Speech—Was Indicted on Charges Preferred by Girls.

New York, Nov. 8.—Raymond Hitchcock, who gave himself up to the authorities Wednesday, reassumed his role at the Astor theater on Wednesday night, and was given a demonstrative welcome.

The house was crowded when the actor made his appearance, which was the signal for rousing applause. The actor looked haggard and ill, and his voice was uncertain as he spoke his lines. Meantime his wife, who plays opposite him, was in tears, and with difficulty followed her cue.

At every opportunity the audience applauded with enthusiasm until at the end of the second act the comedian stepped to the front of the stage and in a tremulous voice said:

"I want to thank you all for your applause and encouragement. I hope I shall always deserve it."

Upon Mrs. Hitchcock's second entrance she was called upon to shake her husband's hand They stood there with hands clasped; the cheers were deafening, and for a moment both performers seemed unable to continue. Then Miss Mabelle placed her unengaged hand on her husband's shoulder and kissed him. At this Hitchcock broke down completely and there were a good many wet eyes in the audience, too.

After being sought for by the police for several days who wanted him on charges preferred by young girls, Hitchcock appeared at the criminal court building Wednesday and went to the office of the district attorney.

Hitchcock was arraigned upon only one of his six indictments against him to which re pleaded not guilty. Bail was furnished.

SPEEDING WITH YELLOW METAL.

Lusitania Expected to Reach New York Thursday With $10,000,000.

New York, Nov. 8.—Bringing $10,000,000 in gold to the relief of the banking and financial institutions of this country, the swift liner Lusitania is hurrying for New York at her swiftest pace. A report from the captain of the Lusitania, received by wireless at the Cunard line office in this city, says that at 10 a. m. Wednesday the ship was 919 miles east of Sandy Hook. The Lusitania left Queenstown at 11:30 a. m. Sunday, and, according to this report, has averaged 24.50 nautical miles an hour. Continuing at this rate of speed, she will reach Sandy Hook bar at midnight on Thursday.

If she accomplishes this, it will reduce the record time for the passage from four days, nineteen rours and fifty-two minutes to four days, seventeen hours and thirty minutes.

THREW LIGHTED LAMP AT HIM

Enraged Cook Takes Revenge for Being Dismissed.

Montgomery, Ala., Nov. 8.—Because he told her she could not be his cook any longer, Eliza Davis, Tuesday night threw a lighted kerosene lamp at Will Alexander and as a result he is horribly burned.

The lamp exploded as it hit his head and blazing oil enveloped his whole body, running down from his hair. His clothing caught fire and were practically burned off before the flames could be extinguished.

FIVE DROWN IN CANAL.

Holland's Minister of State and Four Others Perish.

Amsterdam, Nov. 8.—Minister of State Jonkheer van Panhuys, his brother, Mayor Leek, and their wives, were all drowned Wednesday night while out driving, the carriage falling into the canal at Hoogkerk during a storm fog.

CAME NEAR TO DEATH.

Thrilling Experience of Woman Aeronaut at Augustta.

Augusta, Ga., Nov. 8.—Tuesday afternoon Mlle. Theresa, the balloonist, had a most frightful experience, and came very near to death by drowning in the Augusta canal.

When she made the ascension at the Georgia-Carolina fair grounds Tuesday afternoon it twas almost dark. In her descent she landed in the Augusta canal, about four miles above the city.

Not a soul was near her when she struck the water, but she maintained her equilibrium and freed herself from the parachute. However, she could not swim a stroke, and she was drifting helpless, already physically exhausted.

The life preserver, which she wore was all that saved her from drowning immediately.

As she drifted down the canal she was horrified to see the keeper of the dock gates open one of them which made way for the transmission of the waste water at night when the factory was not utilizing the power of the canal. It meant certain death if she was caught in the whirlpool of water, and she screamed to him to stop. The gates were imediately lowered and she drifted down the canal, and a half mile further out was rescued from the water by C. A. Holley, superintendent of the Nixon silk mills. When she was pulled from the water she was utterly helpless and unable to move. She was ttaken into the engine room of the mill and revived.

AMERICAN CONTROL FAVORED.

Former Cuban President Declares Publicly that U. S. Should Control.

Havana, Nov. 8.—Mr. Estrade Palma, formerly president tof Cuba, has authorized the publication of his views regarding American intervention. He declares publicly in favor of American control in Cuba.

"It is enough to satisfy my conscience," he says, "this conviction of having saved my beloved country from anarchy and its natural results of plunder and ruin."

He continued, describing what he considers the criminal acts on the part of the revolutionists and the necessity to call on the Americans to prevent a protracted and sanguinary contest.

"If I did right or wrong, time will say. That my attitude was immediately justified is proven by the sudden establishment of peace through the material and moral influence of the Americans.

"I do not hesitate to declare that it is a hundred times better for our beloved Cuba to be in a dependent political situation in which liberty is prevailing than in a republic independent of a sovereign but discredited and ruined by blasting periodicals civil strifes."

The letter is considered important, as Dr. Palma still commands a great influence with a large number of Cubans.

Bishop Nelson Remaining in Atlanta.

Atlanta, Nov. 7.—Bishop C. K. Nelson has decided to remain in Atlanta and serve as bishop of the new diocese which is to be created in the north half of Georgia. Under the action of the general Episcopal convention at Richmond, which made two dioceses in this state, Bishop Nelson had the privilege to remain in the diocese of Georgia with Savannah as the see city. After considering the matter carefully for some time he has reached a final decision and will make his future home in this city.

Elect Johnson Lieutenant.

Macon, Ga., Nov. 8.—The Macon Volunteers have elected Harrison Johnson to the office of first lieutenant to fill the place left vacant by the absence of William Burt, who is now in Atlanta. The volunteers have also elected new members and have put $700 aside for new lockers and to buy new fixtures.

Baptist Women at Waynesboro.

Waynesboro, Ga., Nov. 8—The 25th annual session of the Women's Baptist Missionary union convention is in session at this place. There will be a session of three days. Mrs. E. O. Willingham, of Atlanta, is presiding. A very large attendance is on hand.

DISCOUNT RATE 7C.

Bank of Englands Rate Is Put Up From 6 to 7c.

PROTECTING ITS RESERVE

Last Occasion When Excessive Discount Was Charged Was in 1873, Which Was Due to Depression, and Reached 9 Per Cent.

London, Nov. 8.—The directors of the Bank of England Thursday morning put up the minimum discount rate from 6 to 7 per cent.

The only thing which could have averted this heavy rate would have been assurances from responsible quarters in New York that the situation there which it is recognized is due to the exceptional demands upon capital in consequence of the great commercial activity in America, is sufficiently well in hand to warrant the expectation that there would be an early cessation of the gold drain on this market.

In the absence of such an assurance the Bank of England utilized the only weapon at hand to protect its reserves. It is realized, however, that even this high rate may not prevent shipments of gold to New York, but it is hoped that it may attract the metal from abroad in sufficient quantities to restore the equilibrium.

The step was doubly necessary, as the bank must nurse its supplies just at present for the autumn country cash requirments as well as the usual Egyptian demands, and there is a possibility of demands for gold from Argentina.

The last occasion when a 7 per cent rate was enforced by the Bank of England was in 1873, and was due to the financial troubles on the Continent and in America. On that occasion the rate eventually reached 9 per cent but it quickly fell to 4½.

CLOWRY DENIES REPORT.

No Truce or Agreement Between the Companies and Telegraphers.

New York, Nov. 8.—In an interview Colonel R. C. Clowry president of the Western Union Telegraph company, says that the statement by an officer of the Telegraphers' union to the effect that a truce or agreement had been entered into between the telegraph company and the strikers is absolutely untrue.

The returning strikers will only be re-employed on their individual application and but a small percentage of them can be given employment.

Following the official calling off of the telegraphers' strike by the local union the officers of the Western Union Telegraph company were crowded with applicants, who sought to regain their old positions.

None was accepted, however, the company, according to its statement, having brought its force up to the original quota Tuesday.

Found Not Guilty.

Pittsburg, Pa., Nov. 8—Forest R. Nichols, former secretary of W. H. Andrews, territorial delegate to congress from New Mexico, was found not guilty in the United States district court of the charke of aiding and abetting Cashier T. Lee Clark, who committed suicide, in wrecking the Enterprise National Bank of Allegheny about two years ago. The case was the last of many growing from the sensational failure. A majority of the others implicated were convicted.

Ansel to Attend Fair.

Columbia, S. C., Nov. 8.—Governor Martin F. Ansel and a number of the members of his staff will attend the fair to be held in Augusta next week. Governor Smith will be present and a goodly number of South Carolinans are expected to attend.

Oranges for Thanksgiving Trade.

Riverside, Calif., Nov. 8—Two carloads of Riverside oranges, navel and valencias, the first of the season from this district, are now on their way to the east, consigned to the New York market, which will be reached in ample time for the Thanksgiving trade.

"BLACK BILLY" FREED NOV. 19.

But Noted Safe Cracker Must Serve Term in Carolina Prison.

Atlanta, Nov. 8.—"Black Billy," who in real life is James Lang, one of the most desperate safe crackers ever captured in the United States, will be released fro mthe federal prison on Nov. 19, and will be taken at once to North Carolina, where he must serve ten years in the state pen for a crime committed with a "powder puff" before being captured by Uncle Sam's sleuths.

To his discredit there are chalked up against his name more days in solitary confinement than any prisoner ever in the Atlanta pen. It was he whose stubbornness made him stay chained to a post in a pitch-black dungeon, in the cellar to the penitentiary on a diet of bread and water from November 13, 1905, to April 15, 1906, with only the guard asking him once a week: "Will you obey the rules?" and which he would not answer in the affirmative. All he had to do to get back to his well-lighted, well-ventilated cell and companionship of his fellow prisoners was to promise to be good.

It would take a volume to tell of the bad deeds of this prisoner, who was captured only after a pitched battle at Monroe, N. C., several years ago.

STUCK IN THE CHIMNEY.

Peculiar Predicament of Negro Burglar at Tuskegee.

Tuskegee, Ala., Nov. 8.—Dave Crawford, a negro, Tuesday night attemped to burglarize the home of M. S. Russell.

He climbed up on top of the house and attempted to go down the chimney. About halfway down he found that his body was too large to go any further, and he became fastened in the narrow flue, and remained there in the chimney the rest of the night.

Wednesday morning Mr. Russell made a fire, and as the fire began to burn the negro began to yell.

It took some time to locate him, and by the time that Russell could get assistance, tear down the chimney and liberate Dave, he was burned from head to foot, although his clothing was not burned off. The negro is under the care of the county physician. When found, the negro had in his hand a 44-caliber pistol.

BURIED BY ARMED MEN.

Owner of Cemetery Stood Off While Funeral Was Held.

Montgomery, Aal, Nov. 8.—A funeral under the protection of guns was the scene at Phoenix City Tuesday afternoon.

The owner of Whatley cemetery had given notice that no more bodies must be buried there.

Mrs. Bertha Tillman, who died in Columbus, Ga., was brought there in spite of the order, and laid away while four men, with shotguns, kept the owner of the land stood off. Only the presence of ladies and children prevented a riot, as the landlord went to the place armed, it is said.

Man and Wife Attacked.

Columbia, S. C., Nov. 8.—What was intended for an assassination and criminal assault took place in a remote section of Newberry county a few nights ago. John Brickley, who runs a small store about 12 miles from Prosperity, was called out by two negroes who said they wished to make a purchase. On the way to the store he was fired upon from behind and severely wounded. He immediately returned to his home. On reaching the house he found a negro who was in the act of choking his wife. The negro escaped. Both are being hunted by a posse of citizens.

Walthour Again Racing.

Atlanta, Nov. 8.—Bobby Walthour who was so badly hurt some time ago in Berlin that it was thought that he would never recover, is up, and at it again, according to a letter received from Mr. Walthour by an Atlanta friend. Bobby had already participated in one event when the letter was written, and the writer stated that he had three more races scheduled on Nov. 3, 10 and 17. On Nov. 19 he and Mrs. Walthour will sail for America, so the information from abroad has it.

VIOLENT EARTHQUAKE

Town In Spain Is Saaken and Buildings Collapse.

POPULATION IN GREAT PANIC

Subterrancan Rumblings Accompanied the Disturbance, and Great Fissures Opened in the Ground—Number of Fatalities Not Yet Known.

Madrid, Nov. 8.—A violent earthquake has occurred at Ubeda, in the province of Jaen.

The earth opened leaving great fissures; the disturbance being accompanied by subterranean rumblings which caused a panic among the people.

Many houses were shaken down.

The number of lives lost is not, as yet, known.

FIRE IN ALMSHOUSE.

Panic Ensued and Many Insane Patients Ran at Large.

Chicago, Nov. 8—One hundred and fifty inmates of the Kane county almshouse near Batavia, most of them insane, were driven in panic from the main building of the institution Wednesday night by fire.

Many of the insane patients escaped while the attendants were fighting the fire, scattering about the country and hiding in the fields, in barns and the cellars of houses.

The reports of the escape of the insane patients, many of whom were regarded as dangerous, spread about the country and after the fire had been extinguished posses were formed to hunt for and return the fugitives to the asylum.

The hunt continued until late Wednesday night when it was stated that all who had escaped with the exception of one woman, had been captured.

The missing woman is believed to have set fire to the building in order to escape.

Aid was asked from Batavia and Geneva, both about two miles distant from the asylum, and the fire departments of these towns responded. The roof fell after the fire had been burning an hour, and the upper floors of the building were entirely destroyed causing a loss of $25,000.

KAISER INDISPOSED.

Emperor Will Go for a Rest on the Isle of Wight.

Berlin, Nov. 8—The decision of Emperor William not to visit Holland but to rest on the Isle of Wight after his visit to King Edward, was taken Tuesday morning after the emperor's physicians had perceived that the pill which he had taken Oct. 25, while watching the airship experiments at Tegel had left an inflammation around the palate and the neighboring channels leading to the ears.

As his majesty suffered much in earlier life from a similar inflammation extending to the ducts, he readily acceded to their advice to go to the Isle of Wight after fulfilling his English engagement.

Arm Mangled in Corn Shredder.

Lumpkin, Ga., Nov. 8.—Hon. M. L. Everett, of Lumpkin, Ga., well known all over Georgia, had his left arm to the elbow torn to pieces in a corn shredder Wednesday morning. The arm had to be amputated just below the elbow. The attending doctors think he will survive the shock.

Declared Unconstitutional.

Columbia, S. C., Nov. 8—The state supreme court has decided that the act taxing fire insurance companies two dollars on each $100 of premiums in towns that have fire apparatus for the benefit of firemen members of the South Carolina Firemen's association is unconstitutional.

Strike Off at Chicago.

Chicago, Nov. 8.—At a meeting of the Commercial Telegraphers union held here Wednesday it was decided to call off the strike against the Western Union and Postal Telegraph companies. About 800 men applied to the companies here for reinstatement.

T. & J. SCHEDULE HARD TO SWALLOW

Proposed Change Will Prove of Inconvenience to Traveling Public.

THE BEST TRAIN ANNULLED

Train Leaving Gainesville at 6 O'Clock in the Morning, and Which Has Been Well Patronized, Will Be Taken Off—Schedule South a Bad One.

There is to be a change in schedule of the Tampa and Jacksonville railroad, formerly the Gainesville and Gulf, which it is believed will prove anything but satisfactory to the public, as the train which has been leaving Gainesville for Sampson City at 6 o'clock a. m., connecting with the Georgia Southern for all points North and South, will be annulled. This is considered by the traveling public, especially commercial men, as the best train in the service, as it enables them to work the territory to much better advantage. This train has been well patronized by this class, who will be very badly inconvenienced, it is said, by the action of the Tampa and Jacksonville management in taking it off. It is hoped the arrangement is only temporary.

The only train for the North after the inauguration of this schedule will leave Gainesville at 6 o'clock p. m., returning at 9:20 p. m.

The schedule to and from the South works also very disadvantageously to the people, as well as detrimental to the commercial interests of the city. The train will leave Gainesville for Micanopy, Fairfield and intermediate points at 10:30 a. m., returning to Gainesville at 4:25 p. m. By this arrangement the people from the South who desire the opportunity to come to the city trading are unable to do so, unless they remain over night, at considerable inconvenience and expense. This schedule South has been in effect for some time, and has always proved unsatisfactory to the majority of the patrons of the road.

BRINKLEY & BAINES CLOSED.

One of Largest Sawmills in This Section Has Quit Business.

The big saw mill of Brinkley & Baines, which for the past few years has been in operation at Cyril, and which has given employment to a large number of hands, has suspended, owing to the fact that the timber supply in that section has been exhausted. The machinery, it is understood, has been sold to other parties, and the same is now being moved to other parts.

It is understood that Messrs. Brinkley & Baines, both of whom own valuable property in Jacksonville, will remove with their families to that city.

HUSTLING NEWBERRY IN NEW CLOTHES

Wonderful Progress Made in That Town Since the Recent Fire.

THE BUILDINGS ARE HANDSOME

The Energetic Citizens of That Place Put Their Shoulders to the Wheel and All Pull Together, With Most Gratifying Results.

Newberry, November 8.—Newberry, whose principal business street was almost completely destroyed by fire last May, has risen again like a phenix, from its ashes to more than its former importance.

Such rapid improvements arise when wide-awake, enterprising citizens realize a situation, grasp it and are determined to eclipse their former efforts.

In the row of new brick, and concrete business houses built for Messrs. H. A. Pickett, Ruff, Howell, and Mrs. Lillie Kitchen, we find an up-to-date restaurant, milinery store and other large stores that would be an improvement on some city ones we have seen. A former dwelling of Dr. Ruff, now owned by Mrs. Densler, has been remodeled and enlarged into a boarding house.

John White has erected a neat residence since the fire, and is having it enlarged, while several others are in process of erection for Drs. Ruff and Getzen, and a concrete building for Mr. Tucker, one of our leading grocers. Others contemplate building in the near future.

Anyone seeing Newberry less than a year ago, upon beholding it now, would testify to the fact that the last five months have wrought a big improvement.

Conference Appointments.

Spokane, Wash., Nov. 8.—A list of Methodist conference appointments for 1908, as made Wednesday by the board of bishops in session here, include the following: Arkansas, Russellville, January 16, Bishop Berry; Baltimore, Washington, April 1, Cranston; Central Missouri, St. Louis, March ., McDowell; East German, March 26, Burt; Florida, Jacksonville, January 23, Spellmeyer; Lexington, Cincinnati, March 25, Moore; Little Rock, January 25, Berry; Louisiana, New Orleans, January 19, Wilson; Mississippi, Jackson, January 15, McDowell; St. Johns River, Jacksonville, Fla., January 30, Spellmeyer; South Florida Mission, St. Petersburg, January 16; Spellmeyer; Upper Mississippi, Greenwood, January 2, Wilson; Washington, Baltimore, on March 11, Goodsell.

Lehmann's Body Has Been Found.

New Orleans, Nov. 8.—Members of the family of Gustav Lehmann, Sr., the head of the one of the largest dry goods houses in the south, who disappeared so mysteriously about a week ago, postively identified Wednesday noon a body taken from the Mississippi river as that of the missing capitalist. A reward of $1,000 had been offered for the recovery of the body and this will be divided among the divers. The body had lodged on the bottom of the river at a point where the water is about 75 feet deep.

Shooting In Alabama.

Montgomery, Ala, Nov. 8.—A. L. Jones is in jail for the killing of T. E. Avery, who, he alleges, made attempt to invade his home. The shooting took place on a plantation near the city. Avery was the overseer and Jones a mechanic. Jones came to the city and surrendered. The shooting took place at the home of Mr. Jones where he found Avery on his return from duty about the farm.

Italy Gets Strozzi Palace.

Florence, Italy, Nov. 8.—Announcement is made that Prince Pierro Strozzi, who died here a few days ago, has left to the state the celebrated Strozzi palac. The palace was begun in 1489 by Benedetto da Majano for Filippo Strozzi, the adversary of the Medici, but was not completed until 1553. It respesents the most perfect development of the Florentine palatial style of art.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

THE STORK AT DUTTON.

Visited Home of Mr. and Mrs. Gilbert, Leaving a Fine Girl.

Island Grove, Nov. 8.—The angel of life visited the home of Mr. and Mrs. C. W. Gilbert, Dutton, on November 3, and transplanted there a beautiful flower in the form of a fine baby girl. It will be remembered that the angel of death visited their home in May last and snatched away little Winburn, their only child—a fine little boy of twenty months. Friends sympathized with them in their bereavement, and they now rejoice with them over the birth of their little daughter.

While we know that their hearts will always mourn for little Winburn, still we know that this little life brings with it much sunshine and gladness to that grief-stricken home. Their darling boy's "safe in the arms of Jesus," but we hope this little one will be spared to a mother's arms for many years to come. A FRIEND.

Glad at "Hitch's" Return.

New York, Nov. 8.—Wallace Reid, who rose in a day from the chorus to the star's part when Raymond Hitchcock, the comedian, recently died, appeared in the face of criminal charges, was back in his minor rank Wednesday night as the result of Hitchcock's reappearance. "I was the happiest man in New York when 'Hitch' came back," he said. "I tell you I was glad even if it does put me back in the chorus."

REPUBLICAN TARIFF CAUSE OF PANIC

Such is Opinion of Washington Correspondent.

TREASURY IS SHORT OF FUNDS

Has Issued Call for Return from Disbursing Officers of Part of Funds to Their Credit—Some Interesting Figures.

Special Correspondence The Daily Sun.

Washington, D. C., Nov. 8.—In spite of the declaration of the last Republican National Convention that a Republican tariff has always been followed by business prosperity, and similar fallacious boasts of President Roosevelt in his letter of acceptance and speeches, an unfortunate panic is playing havoc in our financial affairs. Nothing else is being talked about in political circles. Secretary Cortelyou declares the worst of the storm is over, but the news from the West would indicate the worst may yet be to come. The closing of the chief spring wheat market of the country at Duluth, and the paralysis of the market in Chicago and elsewhere, in consequence of the lack of money, and the determination of the banks to hustle their resources is anything but a cheerful prospect. The farmers will, of course, suffer, and wheat, cotton and other agricultural products have already fallen in price. Those farmers who are able to hold their crops until the panic subsides should by all means do so, for the demand from foreign countries will lead to higher prices for wheat and cotton next spring, if not before. This evidence, now produced, that the Republican policies of a high trust-protecting tariff, and of giving every advantage to the banks, have built up a bogus prosperity that at the first adverse wind is no more stable than the child's house of cards, is proof that Republican policies produce panic instead of being panic-proof as brazenly boasted. With fifty per cent more money per capita in circulation, and the supply constantly increasing, the banks are unable to pay their debts when called upon. The Republican policy of aiding the Wall Street banks with all the spare money in the Treasury, except a few millions to pay the current demands upon the Government, is not only unlawful, but grossly unfair to the more conservative bankers of the South and West who have to bear the burden of providing the funds to move the staple crops. The only excuse for President Roosevelt in carrying out this policy is that he has taken the advice of those mixed up in the Wall Street game, or has allowed his New York birth and training to lend him to the rescue of the frenzied financiers rather than ordering a "square deal" between all sections. This favoritism to the Wall Street interests is shown by his effusive thanks to Secretary Cortelyou and the not hidden, though unnamed approval of Morgan and Rockefeller for putting in their millions to try and stem the panic. How little these financiers deserve the thanks of the Chief Magistrate of the country is at once seen from the fact that they demanded usurious rates for their money, which is said to have extended to 50 per cent. He can hardly be called a public benefactor who charges his less fortunate fellow citizens usury, under the most trying circumstances. The fact that the Rockefeller millions were loaned at 6 per cent can be shown to be a fable, as far as any large amount is concerned. If the effects of the panic could be confined to Wall Street there would be few tears shed, but unfortunately all lines of business must now suffer in consequence of the unsettled financial affairs in New York and all the large money centers. It is to be feared that the banks in other money centers are not so well supplied with cash as the following information given out to-day indicates, for the Secretary of the Treasury has received calls from all the principal cities of the country that it may be necessary to render assistance. To that end he has called upon the disbursing agents of the Government for $15,000,000 of the $72,000,000 now to their credit that that amount may be added to the working balance in the United States Treasury. The official statement of the available cash balance in the Treasury at the close of business on October 29th, is given as $224,881,340. But these figures are very deceiving, for of that amount $215,529,538 has already been loaned to the banks and far from being an "available cash balance" it might as well be at the bottom of the sea as far as any immediate availability to the United States Treasury is concerned. To demand its return would cause nearly every bank that holds such deposits to close their doors. Another item is $5,064,751 on deposits in the Philippines, that is certainly not available; then there is given $3,232,659 of silver bullion, that cannot be used as money until coined, then there is $6,954,330 of subsidiary silver, and $1,551,678 of minor coin, neither of which items can be classed as available cash, for only $10 is legal tender. All these amounts added together makes $232,332,776. So that the United States Treasury instead of having an available balance, there is a deficiency of $7,451,436. That is the Secretary of the Treasury, with the approval of President Roosevelt, must have taken $7,451,436 from the trust funds in the Treasury, or from the "gold reserve," to deposit in the Wall Street banks in their great necessities. No wonder Secretary Cortelyou is at his wits' ends and is calling upon the Government disbursing officers to return part of the money to their credit. But returning to the Treasury about $15,000,000 of such balance is robbing Peter to pay Paul, for it will take it out of the national banks, which are Government reserve depositories in the different large cities of the country either to pour it into the Wall Street maelstrom or to deposit it with other favored banks who are in a tight place. The fact is, the Treasury is bankrupt, to all intents and purposes; and existing conditions are similar to those under President Cleveland was obliged to issue bonds in 1894. The Republican party has had no question to contend with of the double standard. The high tariff taxation has resulted in a large surplus in the Treasury, instead of a deficiency, which President Cleveland had to contend with under the McKinley tariff law, and in consequence of the supreme court declaring the income tax section of the Wilson tariff law unconstitutional. The Republican leaders have deliberately turned over to the favored banks not only the surplus, but over seven millions more from some source. This panic has discouraged even the most optimistic Republicans, as they feel that no Republican named as likely to be nominated can be elected, for all are committed to the same financial tariff policy that has created the panic. In speaking of this a prominent Republican said to me a short time ago: "Your party will gain two great advantages by the present distressing conditions. The party in power will be blamed for the breakdown of prosperity, and as it will force financial legislation to the front as an issue, it will eliminate Mr. Bryan as your candidate, because the business world has no confidence in him on financial affairs."

EXTRA SESSION OF THE LEGISLATURE

Hon. R. Pope Reese Believes That One Will Be Called.

THINKS THAT SUCH ACTION

Is Necessary So As to Pass Some Revenue Bills, As Appropriations Exceed the Income of the State for the Year.

[Pensacola Journal.]

Hon. R. Pope Reese, the Escambia member of the special commission to investigate into the acts of the trustees of the Internal Improvement Fund, returned yesterday morning from Tallahassee, where he had been for the past three weeks. The commission has completed its labors, and the report, which will cover about 100 typewritten pages, is in the hands of Chairman Syd L. Carter, who will have it typewritten.

Speaking to a Journal representative yesterday afternoon relative to an extra session of the Legislature, he gave it as the consensus of opinion that an extra session will be called. "I think an extra session of the Legislature will be, and ought to be, called by the Governor," said Mr. Reese. "It is necessary, in my opinion, in view of the condition of the State finances, brought about by appropriations for special purposes as well as for appropriations for carrying on the State government, maintaining hospitals, assylums, schools, etc., which appropriations are more than the State's income will be. It will therefore be necessary to pass some new revenue bills, and it is also necessary to pass a re-apportionment act, which should have been done by the last Legislature. The report of the commission that has been investigating the acts of the I. I. Fund trustees should also be received by the Legislature which created it."

In speaking of the call for an extra session, and his belief that the Governor will issue a call, Mr. Reese stated that he does not do so with any official knowledge that such will be done.

The I. I. F. Report.

"The report of the commission of which I was a member," continued Mr. Reese, "will be as complete as is possible for such a report to be made. The closest study and attention has been given to the acts and doings of the trustees of the I. I. Fund from 1855, when it was created, and we spent more than three months at this work, and the past two weeks we worked night and day.

"In formulating this report,' the commission received invaluable assistance from Chairman Syd L. Carter of Gainesville, whose knowledge of the political history of Florida enabled the commission to obtain information it could not gain from those who were summoned and who testified during the investigation.

"The report is to be later signed by the members and submitted to the Legislature in either special session or in 1909. It covers 100 pages, and the testimony heard covers about 700 pages, in addition to many exhibits. Every living member and ex-member of the board of trustees was examined with the exception of E. J. Triay, at one time State treasurer, and his testimony was made not necessary by reason of the testimony of Congressman W. B. Lamar, and Ex-Governor Bloxham. The latter was the last to appear before the board, and with his testimony the investigation came to a close."

Burglar's Victim Dies.

St. Louis, Nov. 8.—Peter Dunn, who was shot by one of three robbers who darinaly robbed a saloon at Fifteenth and Poplar streets Wednesday night, died Thursday. Edward Doran, who was beaten senseless with the butt of a revolver, is still in a dazed condition. Twenty suspects have been arrested.

Currency Shipped to Banks.

New York, Nov. 8.—The subtreasury has transferred for banks currency to the amount of $1,137,000. Of this amount, $850,000 went to San Francisco, $137,000 to Philadelphia, $100,000 to Denver and $50,000 to the city of New Orleans.

The Story of a Medicine.

Its name—"Golden Medical Discovery" was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, teachers and writers on *Materia Medica* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed *free* to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompained with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It *will* cure the affections that lead up to consumption, *if taken in time.*

'FRISCO ELECTION RETURNS.

Total Vote Cast in the California City Was 57,000.

San Francisco, Nov. 8.—Complete returns at midnight Wednesday from all but 15 of the 273 precincts in the city give 53,700 votes, indicating the total vote cast in the city to be 57,000.

The complete count in the 258 precincts returned up to midnigat gives Taylor 26,451, McCarthy 16,852, Ryan 8,710, Langdon, 31,024, and McGowan 18,889.

Indications are that two of the charter amendments reducing the liquor licenses and reducing the circulation of newspapers qualifying to bid for city and county printing from 8,000 to 2,000, were defeated. The other amendments, including those increasing the salaries of the police and firemen, apparently have been carried.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50-cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. J. W. McCollum & Co.

THREATENED BY WATERSPOUT.

Steamer In the Gulf Narrowly Escapes Possible Destruction.

Mobile, Ala., Nov. 8—News received here from New Orleans says:

The steamship Tampico which arrived in port Tuesday night reported being threatened by a gigantic waterspout last Friday while in the gulf in about longitude 90 west by latitude 27 north.

Passengers aboard the vessel were badly scared and a catastrophe might have taken place but for prompt action of the officers in steering the ship clear of danger. At the time the waterspout was seen the vessel was laboring in a severe squall. A black cloud was in the sky and the sea was very rough. Suddenly a great mass of water commenced to rise with a whirling motion to a great height. From this a slender spiral rose until it touched the clouds. The passengers claim that the waterspout was at least 700 feet high.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by W. M. Johnson.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

Mr Harriman apparently didn't see his chance to get out of the "undesirable" class by contributing a few millions to the "relief fund."

Colonel Bryan heartily congratulated Tom Johnson upon the result in Cleveland; but the latter could not return the compliment in regard to Nebraska.

The West Palm Beach News continues to hold first place as the best printed weekly of the East Coast newspapers; and of the entire State, for that matter.

The St. Petersburg Evening Independent is the latest candidate for public patronage in the way of a daily paper in Florida. And it merits all the patronage the people of that hustling town can bestow upon it.

Tammany Hall will continue to dispense the "spoils of office" in New York City. The "Tiger" evidently went after the "boys" with his eyes wide open on election day, and Willie Hearst and the kid-glove Republicans were easy prey.

General Abe Sawyer of Key West, the smallest man physically in the United States, has returned from the Jamestown Exposition. He says General Albert W. Gilchrist of Punta Gorda will be the next Governor of Florida. If other candidates do not enter the race it is not unlikely that General Sawyer's prediction will prove correct.

The Tampa Evening News tells more than half a truth in the following. Robert McNamee gives a good reason for the activity and strength of the prohibition movement at Key West. For years, the saloons there have been run without regard to law or proper restriction. Nearly all of them had lewd-house attachments and their business was carried on in a way calculated to make them obnoxious to common decency. The strength of the anti-liquor element should read the saloonists of Key West a lesson. In Tampa where the saloons are now strictly regulated and kept within the pale of observance of the law such a general antipathy to them does not exist. The law-breaking, law-defying saloon is itself the cause of nine-tenths of the prohibition agitation which has arisen throughout the South."

PERSONALITIES ARE NECESSARY.

"Editors are public teachers. They should set good examples. It is easy to start a fight. Some pencil pushers even fight among themselves. It does look like Florida editors, with the 'corporations,' the 'Broward administration,' together with the common foes of home, country and Florida, would not turn their fierce words on each other. Just now two of the best are at it. 'Gene Matthews of The Starke Telegraph and Claude L'Engle of The Tallahassee Sun are becoming too personal. Under the old regime, we would expect to hear of pistols and coffee for—how many? That is past. You both are among the best on the tripod. We enjoy your papers. You will learn later that fighting—especially among weekly editors—does not pay. Stop!—Arcadia News."

The editor of The Telegraph does not admire personalities in the discussion of public matters, but it seems impossible at times to bring a point straight home to some people without driving straight out at them. For this reason The Telegraph dealt with Editor L'Engle in a manner more or less personal. Not with any idea of doing him an injury, but to bring close home to him the gross and utter inconsistency of questioning the motives of others for supporting the men and policies that he ardently supported only a short time ago with only good and pure motives—because, as he says, he honestly believed the men the best for the office and the policies the best for the State. There was, of course, the purpose on our part to cause him to write and publish himself to the State as a blatant hypocrite, who, while protesting his own rectitude, professed the belief that others who supported the men that he supported were corrupt. Further than to force him to unmask and show himself in this ludicrous light The Telegraph had no design. In truth we expected his answers to our questions to be just what they were, and we believe Editor L'Engle answered truthfully when he said he had supported the men because he "honestly believed they were the best men offering for the offices." We believe that every other newspaper in the State who supported them was actuated by the same motives, for surely Mr. L'Engle cannot lay claim to superiority among a number of men singularly conspicuous for their probity.

It was quite in the nature of things that Editor L'Engle should wax personal in replying. In fact the editor of The Telegraph invited such a reply and has no complaint to offer that it was made. It was unfortunate, though, for Editor L'Engle that he stuck himself still deeper in the mire of hypocracy by resorting to gross misstatements regarding the editor of The Telegraph. This, however, is no fault of ours. He had the truth right at hand if he had cared to know it. But knowing and telling the truth is not part of the political program of men of his feather. Inuendo and fanciful charges that they hope will prejudice the public mind against the men who do not worship at their shrine is their stock in trade.—Starke Telegraph.

Park Trammell's announcement of his candidacy as a successor to the deservedly popular Senator Mallory does not seem to have "set the woods on fire." Mallory is the right man in the right place in the United States Senate, and Mr. Trammell has made a mistake in opposing him. Mallory is the peer of any man in the upper branch of Congress, has always proven true to the trust reposed in him, and the people are not going to show their ingratitude by displacing him with either Beard or Trammell. Frank Adams might have stood a chance to win over Mallory, but of the latter two—never!

A Washington correspondent says all Washington is in mourning, and she invites the Nation to mourn with her. The old historic Baltimore and Ohio depot at the intersection of New Jersey Avenue and C street has ceased to be. Everything in the old station that was portable has been removed to the new terminal station, and silent and deserted are the old familiar passages. For nearly three-quarters of a century has the old station served as a welcome shelter for strangers; during the days of the civil war its walls echoed the tramp of armed feet, the glad greetings of friends and family, the moans and cries of the wounded brought to the city. A place of historic interest, with its squat low walls and ugly pillars, its antiquated clock, it is doomed to immediate demolition by the unsentimental hands of the wreckers. The grand new terminal station, with all its beauty, does not have such a hold on the hearts of millions of people as does the old landmark that is so soon to go to oblivion.

The Manatee Record continues to urge John N. C. Stockton to run for Governor. "It is probable that Mr. Stockton will let the people know "where he is at" during the Ocala "Coming out" convention.

A Boston magazine writer asserts that no one can be happy without working. There may be some truth in that statement, but it is also true that thousands are working without being happy.

REST AND SLEEP.

Only Rational Cures For Brain Fag and Nervous Exhaustion.

Sleep is the best and cheapest medicine, and it is within the reach of everybody. We require as much sleep as we can procure. We may work at high pressure if we sleep enough, but if we overwork and undersleep irritability, insomnia and neurasthenia are almost certainly in store. One of the prime causes of ill health among men and women who have to work with their brains is neglect of sleep. The woman who curtails her sleep begins to worry.

Insufficient sleep in the first instance is a common cause of insomnia. Rest and sleep are the only rational cures for brain fag and nervous exhaustion. It is the highly developed mind that is liable to worry, the alert, highly strung individual who is prone to suffer from sleeplessness. The country yokel can always sleep, and nobody ever saw a neurasthenic cow, but the higher the type the greater need for rest and a sufficient amount of sleep.

Neglect of sleep is perhaps the most fatal error made nowadays by busy people. Sleep is the only rational cure of as it is the natural safeguard against brain fag and nervous exhaustion. It is always the highly developed, energetic individual who is the first to suffer from worry and sleeplessness.—McCall's Magazine.

Indorsing the Asp.

In Marmontel's tragedy of Cleopatra, represented in the Theatre Francais, when the Egyptian queen was about ready to commit suicide she held in her hands a mechanical asp of cunning workmanship devised by Vaucanson, the most ingenious mechanician of his time. This venomous reptile reared its head and before plunging its apparent fangs into the arm of the actress gave a shrill hiss. A spectator hereupon arose and left the house with the simple but expressive remark, "I am of the same opinion as the asp."

THE VENEER CUTTER.

A Machine That Slices Wood as Thin as Shavings.

"The veneer cutter is one of the wonders of modern times," says a furniture man. "People who have never seen it work have not the faintest idea what it can do. Of course it is one result of the scarcity and high price of timber, for if mahogany, rosewood, ebony and curled maple were as cheap as yellow pine there would be no need for a veneering machine, but the high prices of these woods compel the furniture makers to use them with parsimony. Hence the inventions of the veneer cutter.

"A saw cutter will cut twenty-five or thirty sheets of veneer from an inch of wood, and most people would think that this is a tolerably economical use even of rosewood. But the knife cutter slices off the wood in a slice so thin that from 125 to 150 veneers to the inch can be cut, and still every one of these shavings preserves the color and shows the texture of the original wood, and so smoothly is the cutting done that very often no polishing is necessary. The cheapness with which the work is done may be appreciated by the fact that cigar boxes once used, then given away or made into kindling, are often manufactured of poplar or some other cheap wood and veneered with cedar simply because a box that looks like cedar is preferred by the dealers."—Baltimore American.

A LAKE OF FIRE.

Marvelous Phosphorescence of a Fish Pond In the Bahamas.

The lake of Waterloo is a phosphorescent sheet of water a thousand feet long near Nassau, in the Bahamas. At night it is like a sheet of living fire if any wind is stirring to ruffle its surface.

If the night be calm, says the Rosary Magazine, the water lies dark and still until some object sets it in motion. Little colored boys are ready to swim out into the lake, where they seem to be clothed in garments of flame, leaving a long trail of molten splendor behind them.

The oars when rowing are as when dipped in fire, and if one holds up a handful of the water and lets it fall it looks like beads of gold, and the fish that dart here and there, startled by the visitors, leave flashes of mystic glowing splendor behind them. The clumsy turtles that move about look like balls of fire, and when it rains the lake is like a mass of jewels. This marvelous display of phosphorescence has never been accounted for, as the lake is of artificial formation, having been made for the breeding of turtles by a Nassau resident.

The bed of the lake is cut out of solid limestone, and it is filled from the sea, in which there is little of the phosphorescent quality.

Luther's "Ein Feste Burg."

In "Hymns Every Child Should Know" there are several interesting stories of Martin Luther's hymn, "A Mighty Fortress Is Our God." When Melanchthon and his friends were exiled after Luther's death they heard a little girl sing "Ein Feste Burg" in the streets of Weimar. Melanchthon said: "Sing on, my child. Thou little knowest how thy song cheers our hearts." In 1870, when the Franco-Prussian war was on, this great German hymn again aroused the German nation. The singing of this hymn has been made the ground for many imprisonments. One group of men arrested for singing it fled to England and went to England, where they fell in with the great Wesley and their influence upon him served to bring about the extraordinary Methodist revival.

The first hour in the drawing room [illegible] was an interesting "first impression" of that indescribable combination of warmth and frost known as a London hostess. Further experience taught me that Mrs. Marchbanks was [illegible] one.

[illegible] hostess' invariable mode [illegible] is a sudden inordinate [illegible] followed immediately [illegible] stare. By the time you [illegible] responded to the welcome [illegible] has forgotten your existence, she seems almost to [illegible] her own. Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE RIOT ACT.

It Was Passed by the British Parliament In 1714.

What is commonly meant by "reading the riot act" is better known than the origin of the phrase. The historical riot act was passed by the British parliament in the reign of George I. in 1714. It enacts that felony is committed when twelve or more persons unlawfully, riotously and tumultuously assemble together to the disturbance of the public peace, so to continue together for an hour after being commanded to disperse by the sheriff or undersheriff or a justice or the mayor of the borough.

In the "reading" of the British riot act, which is a necessary preliminary to its being put into operation, it is not customary to recite the whole of the statute, which is rather a long one, but only the following proclamation, which it contains: "Our sovereign lord the king chargeth and commandeth all persons being assembled immediately to disperse themselves and peaceably to depart to their habitations or to their lawful business upon the pains contained in the act made in the first year of King George for preventing tumults and riotous assemblies. God save the king!"—Chicago News.

Liked the Text.

Speaking of the letter "h," a writer says: "Curiously enough, the 'h' is not dropped north of Yorkshire, and Scotland, with characteristic thriftiness, takes the utmost care of it. Ireland is prodigal in emphasizing ft, and so far as I know the colonies are also sound on this point. Only England refuses to aspirate. Sometimes her consistent inaccuracy in this matter is amusing enough.

"For example, there is a village in the eastern counties which rejoices in the name of Haw. A parishioner was asked what he thought of a strange preacher who had been holding a service in the village.

"'Well,' he said, 'I liked the gentleman. 'Is tex' was just suited to us folk.'

"'Why, what was his text?'

"'It were a tex' from the Psalms, "Stand in hawe and sin not"—it sounded so 'omely loike.'"

Dead Invited to the Banquet.

On the accession of a new emperor of China he goes in solemn state to the Temple of Heaven in Peking and formally announces to his imperial predecessors the new titles and dignities which he has assumed. These ancestors are then dutifully invited to the banquet of commemoration, where seats are duly reserved for them.

Bad Temper.

Bad temper has an injurious physical effect on the digestion. Bad temper tends to a disposition of blood to the brain, and this leaves the stomach unable to perform its functions properly.

Persuasive.

"He's a good salesman."

"Persuasive, eh?"

"Persuasive? He could sell the Cuban government a snowplow!"—Louisville Courier-Journal.

The Hero.

"Who is the hero of this piece?" asked the man who was coming out of the theater.

And the manager thoughtfully replied, "The man who is supplying the money."

SIN OF THE STREETS.

Young Criminals In the Making and New York's Juvenile Court.

A day spent in New York's children's court will never be forgotten. Here all the youthful offenders are tried. Into this court crowds more of human interest than in any other court in the world. Before its bar is constantly passing a great procession of human frailties, scenes vibrant with pathos and humor, for both pathos and humor consist in the perception of incongruities. It is the sins of the parents and the sins of the living conditions that the overcrowded city forces on its children that here stand out most strikingly. The real culprit is more often the delinquent parent than the delinquent child. The sight of a child trotting to a saloon two or three times a day, pail in hand, to procure the family supply of beer—a familiar one in a great city—impeaches the parent for a criminal indifference. Small wonder that the child's moral perceptions are obliterated and his instincts perverted in such surroundings. It is in the streets, the vice sown streets, that the child learns to gamble, to swear, to steal. He cannot help it. He must employ the ways of his companions if he is to survive among them. And the ways of his companions lead oftenest to the children's court.—Delineator.

GOLF IN HOLLAND.

An Almanac of 1500 Shows the Dutch Putting at Holes.

England did not borrow golf originally from France, but from Holland, whence the Scots used to buy balls, if not clubs, till a crushing duty was placed on Dutch golf balls.

Indeed, there is abundant evidence, including that of Froissart, to prove that the Scots got everything from Holland ready made in exchange for raw materials.

However it was managed, we got golf balls from Holland and adopted the Flemish invention of the hole. This was the most brilliant invention of the Batavian genius.

All continental people played at an iron hoop or at a fixed object like the pin in croquet, but an illuminated almanac of about 1500 shows that in the Low Countries players already putted at holes.

The other kind of game, driving with hammer headed clubs and lofting through an iron ring instead of putting at the hole, reached England from France in the sixteenth century, but died out after the revolution of 1688.

It is still played in the neighborhood of Montpellier and in a rude fashion, with a queer iron headed club, in the north of France.—London News.

Postoffice "Derelicts."

On an average no less than 130,000 letters are posted annually without any address, some of them containing money which amounts to about £6,000 a year. Among the cryptographic addresses submitted for decipherment to the postoffice expert were "Obanvidock," which being interpreted is "Holborn Viaduct," and "Hilewite," which stands more obviously for "Isle of Wight." These were easy of decipherment compared with a letter addressed "Haselfeach in no fauptshere," which nevertheless was duly forwarded to "Hazelbeach, Northamptonshire," and with another thus superscribed, "To the Cectery of Wore, Chelsey Oslittle, London, Queen Victoria," which was duly delivered to the secretary of war.—T. P.'s London Weekly.

The Ants of the Himalayas.

In the Himalayas, on the side facing India, the limit of perpetual snow is about 6,500 feet higher than in the Alps. One result of this is that various forms of life are found in the great Asian mountains at an elevation which seems extraordinary. Among these are many species of ants. Up to nearly 10,000 feet the ants are very abundant, and even at the elevation of 12,000 feet four species have been found, and it is believed that more careful investigation would show that they exist even at 15,000 feet or more. A unique fact not found in any other great mountain range is that the Himalayas possess an immense variety of local species of ants. Out of 115 forms recognized in the Himalayas fifty are peculiar to these mountains.—Youth's Companion.

Queer Ant Wings.

In the "Comptes Rendus" M. Charles Janet has an interesting note on the muscular apparatus of the wings of the queen ant. Although the wings are only used once in a lifetime of perhaps ten years, this apparatus is the biggest organ in the body. After fertilization the wings are cast aside and the muscles disappear, being replaced by little granules of adipose tissue. The disappearance of the muscles has been attributed to phagocytosis—that is, the absorbing of the tissues by leucocytes. Janet, however, shows that there is no phagocytosis, but that the material of the muscles goes to enrich the blood.—London Globe.

Poor is that debt is better than a prince.—Turkish Proverb.

Keeping constantly at it is the key to successful advertising.

You cannot spurt much and win. A business career that goes by fits and starts will not pay so well in the long run as a business that follows a course mapped out for it and keeps increasing its advertising as the business demands it until the maximum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

After a visit of the past three days in this city in the interest of the ever-popular Fay-Sholes typewriter, E. Cohen returned to Jacksonville yesterday. Mr. Cohen has only been in the typewriter business a few months, but has made a remarkable success. He resided in Gainesville about two years ago, having been employed in the office of A. L. Glass, at that time division trainmaster of the Atlantic Coast Line.

J. E. Thrasher, one of the leading merchants of Micanopy, was among those who visited Gainesville Friday, and while here called to renew his subscription to The Sun. He was accompanied by his cousin, Rev. G. B. Thrasher, of Valdosta, Ga., and the greater part of their time here was spent with the former's nephew, Col. B. A. Thrasher. The Micanopy Baptist church is now without a pastor, and it is quite probable that Rev. Mr. Thrasher will be called to the church there.

Mary Jackson, the colored woman who was arrested by Marshal Arnow Sunday night for attempting to burn a bridge in the southern section of the city, and was convicted on a charge of vagrancy in Justice Colman's court, the sentence being suspended pending an investigation for lunacy, is still in jail here, as the commission, comprising Drs. J. M. Dell, Dr. Clyde L. Carter and B. T. Arnow, rendered a decision that the woman is not insane. This places matters in a rather embarrassing position, as it assumes the position of the fellow who holds the bear. There is no way now to turn the woman loose.

THE NEW MASONIC TEMPLE.

Plans Now Being Arranged, and Work Will Probably Begin Soon.

The long-talked-of Masonic Temple for Gainesville is about to become the real thing, and the probability is that within the next few weeks actual work will begin on this magnificent structure, which is to cost between $17,000 and $20,000. Contractor S. H. Dempsey is now at work on the plans, which will be submitted in a short time, when it is believed that the contract will be let and work will begin.

Judging from the photograph of the proposed building, which will be a duplicate of a temple in California, it will be when completed one of the most magnificent buildings in this section of the country. The structure will be 100 feet front by sixty-six feet deep, two stories in heighth, and the material to be employed will be stone, brick and iron. The lodge-room will be located on the second floor, and will be 40x60, with a twenty-foot ceiling.

The new building will be located on the northwest corner of the block on West Main street N. and East Court street, purchased some time ago from the Episcopal church by the Masons. The structure will face on West Main street, and will be a credit to that section of the city.

FUNERAL OF MRS. DENNIS.

Will Be Held at 2 O'Clock This Afternoon From Episcopal Church.

The funeral of Mrs. A. M. Dennis, who died in Jacksonville Thursday afternoon, will be held from Holy Trinity Episcopal church at 2 o'clock this afternoon, Rev. Francis H. Craighill officiating.

Friends of the family are invited to be present.

The Woman's Guild.

The members of the Woman's Guild of Holy Trinity church are requested to meet at the home of Mrs. D. C. Warner, West Main street N., at 1:30 o'clock this afternoon, to attend the funeral of Mrs. A. M. Dennis, which will be held at the Episcopal church.

Attention, Elks.

Members of Gainesville Lodge No. 990, B. P. O. E., are requested to meet at the lodge room this afternoon at 1:30, for the purpose of attending the funeral of Mrs. A. M. Dennis at the Episcopal church.

This is Worth Remembering.

ANOTHER COTTON REPORT.

Special Agent Rush Submitted Report To the Government Thursday.

Special Cotton Agent Benj. Rush, who has been busily engaged in investigating the cotton situation throughout this district, made another report to the Agricultural Department of the United States Government Thursday.

As has already been stated, Mr. Rush has no authority to divulge the condition of the crop, but those who are in position to know contend that the crop this year will be fully as large as last, notwithstanding that reports have been repeatedly current to the contrary.

HACKMEN TOO PERSISTENT.

They Are So Eager After Business That They Become a Nuisance.

Considerable complaint has been made recently of the conduct of the hackmen at the various railroad stations, who are so eager for business that they become at times boisterous and insistent. This practice is especially embarrassing to ladies who are traveling alone, and who declare the action of the hackmen very annoying.

At the Park Show.

As usual a well-filled house greeted the Park Company last night to see "The Girl I Left Behind Me," and in no respect were they disappointed, as the play proved something far above the average, while each and every member of this popular company won laurels.

At the matinee today they will present "The Poor Little Outcast," a story of newsboy life in New York City, and shows how even a poor newsboy may not only become a hero, but a power in the financial world.

"Charlie's Aunt," the bill for tonight, is bound to prove a winner, as each and every line is a laugh-producer, and judging from inside information the person who don't get a good hearty laugh at the Park Theater tonight is a fit subject for Dr. Osler. Let the Park Company come when they will, a large and appreciative audience and a hearty welcome awaits them at Gainesville.
